These Exert Remote

Mr. Wilbur T. Woodson

MR. WOODSON, our Division Superintendent, always keeps his finger on the pulse-beat of our school and during his administration, has provided the best in the way of educational opportunities for all of us.

MR. RICE, before becoming Assistant Superintendent of Schools in Fairfax County, was principal of our High School and still has a deep interest in our welfare. Our gymnasium, cafeteria and central heating plant are ever-present reminders of his years with us.

Mr. Robert B. Walker

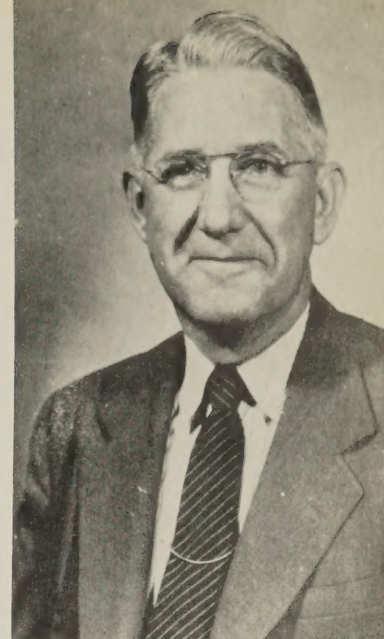

Mr. J. H. Rice

MR. WALKER, our High School Supervisor, keeps a keen eye on what we learn and how we learn it. He and our faculty have worked together diligently in the past four years to give us the best instruction possible.

But Definite Control...

MR. EVANS, our principal, in his quiet manner has guided our footsteps along the path of knowledge for the past four years. Under his leadership the fifth year has been added to our high school program, the football team has become a reality, and the organizations of the community have been united to help make possible our outstanding school band.

Mr. Douglas V. Evans

Mr. F. W. Robinson

MR. ROBINSON, chairman of the Fairfax County School Board and member of our local board, has always shown his sincere interest in us as individuals and faith in us as a group. We were very proud last year when he was awarded the "Distinguished Service Award" by the Virginia Education Association for his outstanding work as a school trustee.

Mr. E. J. Heglar

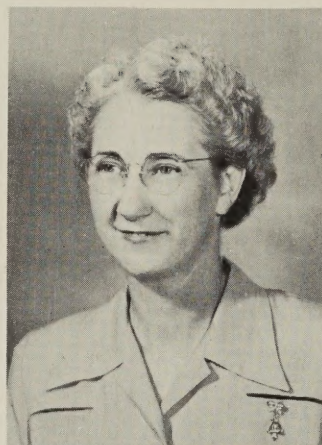

MR. HEGLAR, our Assistant Principal, is the official Jack-of-all-trades and the man behind the scenes. His contributions to our school are many for he is always ready to lend a hand be it to dramatics, music, school publications, or merely repairing a projector.

Review Their Past and

View Their Future

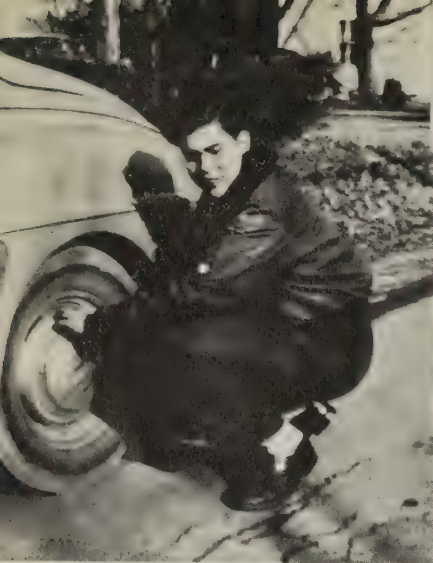

The introduction of the eight grade system in our county four years ago was responsible for the small number of candidates for graduation this year. Our group composed of ten members, eight of whom have been transferred from other institutions, and two who have come along in the regular routine, will uphold the traditional honor. Although made up of few members, we have met the challenges of the sponsorship of the Junior-Senior prom, the magazine drive, clubs, athletics, and the Student Council.

Leading our group is Norma Mohler, who came from Washington Lee High School in Arlington in 1948. She was elected senior class president, secretary of the Student Council, and candidate for Homecoming Queen, a member of the cheering squad and basketball team. Her capability and sportsman-like manner have won for her the appellation of "hail-fellow-well-met." Washington Lee's loss was our gain in winning "Toots."

Assisting Norma as vice-president, has been Jimmy Price, who came from Ithaca, New York in 1949. With his fondness of sports, Jimmy was a member of both basketball and football teams of 1948-'49 and a member of the Letter Club. He has served this year as a manager (water boy) of the football team. Jimmy exerted some of his leadership abilities as treasurer of the Student Council and president of our class in the Junior year. A familiar figure in the office will be lacking in '51.

Managing the clerical work of the class is our secretary, Smith Tiller, who came from Nokesville High School to join our ranks in 1948. Smith became a member of the football and baseball teams in 1948. Always living up to the examples of the good student in doing his work, he will no doubt make a success in life. He plans to take a business course at Strayer's College and then secure a clerical position.

Keeping up with our finances, Eads Miller, who hails from Leland Junior High School in Bethesda Chevy Chase, Maryland, has not had a hard job. However, he has been active in the Student Council work, on the football team, in the Letter Club and in managing the football team during the 1948-'49 season. Eads plans to work for a while after graduation then go to college. Although Eads says that he plans to enter the business field, we feel he should take up automobile mechanics so he can do his own repair work.

Blowing the saxophone has consumed a great deal of Patricia Bishop's time, but she has also been a member of the basketball team, the Science Club and the Spanish Club. Pat is uncertain about her future plans, but somewhere along the line, she hopes to fit in a college education.

Gene Hurley, who entered Herndon High School from the Blue Ridge School, has played on the football team and has been elected president of the Spanish Club. His happy, carefree manner makes him a favorite among the students.

Harry Groff, who has been very faithful in attendance at H.H.S., has specialized in commercial subjects and expects to secure a position as a bookkeeper or stenographer.

A quiet, unassuming member of our group is Vernon Cornwell, who elected shop as his major subject. He has been a regular member of the F.F.A. Club and expects to become a farmer. The proverb "Silence is Golden" would apply to him perfectly.

Coming from Grover Cleveland High School in New York City in 1949, was Jean Keller, who has contributed a great deal to extra-curricular activities. This year she is secretary of both the Dramatics Club and Science Club. In both her Junior and Sophomore years she was vice-president of the class. Also she was

elected president of the Student Council. Although an unsuccessful candidate for Homecoming Queen in 1948, we think her blonde beauty made her the most outstanding. Our school is losing a splendid leader.

Margo Calvert, who came from Western High School in 1947, is our "Sophisticated Lady." She has participated in many school activities such as the Science Club, the Basketball Team and the Student Council. However, her chief interest is acting and she has admirably guided the Dramatics Club as president in 1949-'50. Margo plans to enter either William and Mary or Hollins this fall. We know that whatever she does she will rank among the top in her field.

As we leave, we carry with us many happy memories of our high school days. The good times at our Senior Banquet and the gayety of our Junior-Senior Prom will linger long in our minds as reminders of our days spent at H.H.S.

The Beginning...

MR. EVANS, our principal

As summer fades into autumn and we return to school, we find that the office has been busy all summer making plans for the grand opening. Programs of work have been planned and schedules prepared. Text books are waiting on the shelves and the library is in readiness.

The Heglars take over

Where knowledge is stored

We get our books

Of Familiar Routines

BOOM—Well we *had* a lab

Geometry is so
fascinating

1, 2, 3, 4, fingers stiff, 3, 4.

The men with the hoe

Those Precious Moments...

Gee, look—a teacher!

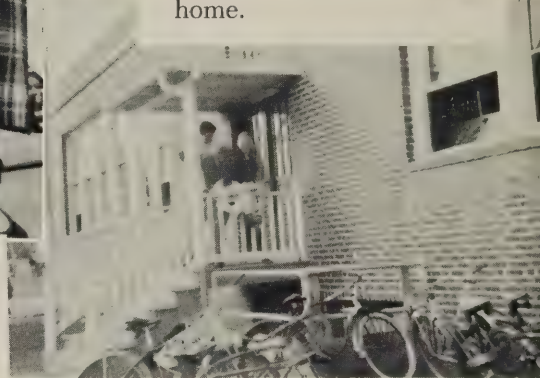

Must have made all "E's"

Show me the way to go home.

Bull session

Stay in your own back-yard.

GAD!!!

Gabriel, blow that horn!

Glamour in gym suits.

Words with the Boss.

Grab a fire extinguisher.

What you have to go through —but it's worth it!

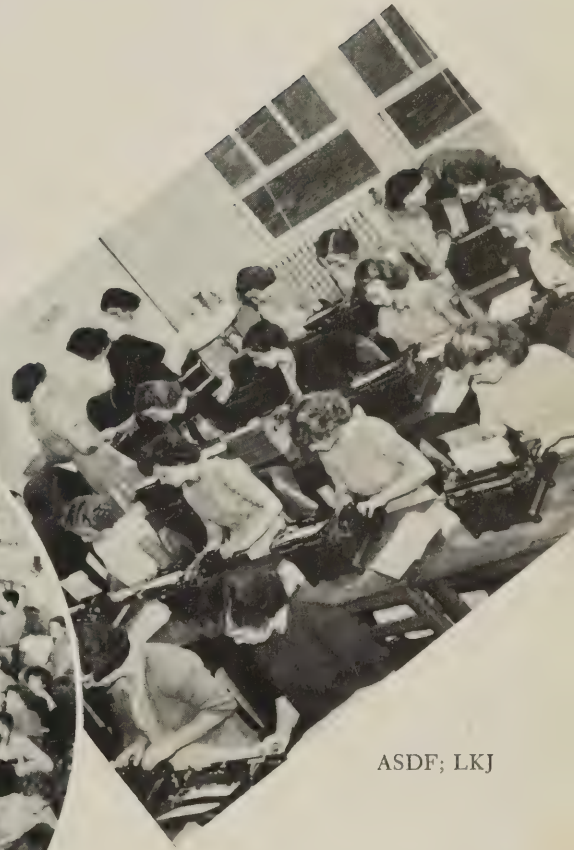

And Then The Bell!!

With hammer and saw they work.

Count those calories!

They spin and sew.

They That Rule

HERNDON HIGH SCHOOL is governed by a small representative group of students known as the Student Co-operative Association. This group does not have the power to violate the regulations of the Principal, Faculty or School Board, but its primary aim is to direct movements which are for the betterment of the school.

Throughout the school year, the Student Council has sponsored such activities as school clubs, Homecoming and County Basketball Tournaments.

The Student Government strives to place responsibility on the students and thus develop good leaders and loyal citizens.

Read all about it! Read all about it! The news, fun and gossip of Herndon School for the past eighteen years, has been preserved in *The Broadcast*, the monthly school publication. Although the Staffs and sponsors have changed through the years the purposes of the paper have remained the same—that of providing opportunities in journalism for those interested and providing good reading for all.

Sing For Your Supper

The Glee Club is for musicians, and music lovers the club members of 1949-'50 proved to be. Besides sponsoring a Christmas assembly, giving a public performance and singing for organizations such as the P.T.A., they were ready with trios, duets, and picked groups, to perform on any occasion. As they began the year with singing, they ended it on the same note, by singing at the baccalaureate sermon and graduation.

CURTAIN CALL! Club try-outs in September! New members became ambitious Thespians for 1949-'50. At the bi-monthly club meetings one-act plays have been given and special emphasis has been placed on stage technique. The club sponsored two chapel programs and a three-act play in the spring.

"TOWARD NEW HORIZONS" the motto for the F.H.A. truly sets the stage for the varied activities for the club. From the day new members first appear in public, wearing the familiar initiation garb until the last meeting of the year they are busy working on details of self and community improvements.

THE F.F.A., or Agriculture Club mixed business with pleasure in their first project of the year. This "pig chain," as it was called, not only gave them valuable information on raising pigs, but allowed them to pick up a bit of money on the side. Later projects during the year were determined by the success, and by the amount of funds, taken in by the previous ones.

Balance That Equation

BOOM!! Don't be alarmed, that's just the Science Club splitting atoms. Perhaps their activities have not progressed that far but the club has furnished an opportunity for inquiring minds to have a few questions answered and to raise many more which will no doubt furnish food for future thought. From what we hear, more than one home laboratory is being designed and equipped as a result of unanswered questions. Who knows—there may be another Einstein!

*"Though Small
In Number,
They Have Captured Our Hearts"*

Our Senior Class which leaves us this year is a very unusual one. Not so very long ago they were strangers to one another but during their few years at H.H.S. they have become welded into a loyal, hard-working group. We hope that they have many pleasant memories of their years with us. H.H.S. has become their high school as truly as though they had spent their entire school career here.

The HORNET has done its best to bring back to you memories of all the good times we have had and the hard work we have done during 1949-'50.

Very special thanks is extended to Miss Ellmore and Miss Lewis, without whose help the HORNET could not have survived the storms of composition. Our thanks go also to Mr. Schultz and H. G. Roebuck and Son who printed this book; also to Mr. Tiller and Mr. Porter of Porter Studios who gave so liberally of their time and service. Our business staff especially wishes to thank all of our advertisers without whose financial aid we could not have edited this book. To everyone who has worked to make this annual possible, we extend our deepest appreciation and hope you enjoy our mid-century HORNET for many years to come.

**Schools... Colleges... Universities
all over America have this to say**

about... **ROEBUCK
YEARBOOKS**

FROM FLORIDA...
"At this time I want to express our appreciation of your services to us. We are all very much pleased with our annual, and I want you to know how grateful to you I am for your cooperation in having our books delivered to us on the specified date. I shall look forward to working with you in the fall, for we want to have the Roebuck Co. print our new Annuals."

FROM MICHIGAN...
"The staff and I were very much pleased with our annual. We have received many compliments on the book."

FROM OREGON...
"The yearbooks arrived in town Saturday and were delivered to us this morning. They certainly are very satisfactory and those of us who have looked at them have been very enthusiastic. You are to be congratulated on the book."

FROM RHODE ISLAND...

"It has been a pleasure to work with you in the production of this year's book. I also wish to extend my compliments to your firm on the excellent quality of the book. The paper, printing, reproduction of pictures and drawings, and the covers are exceptionally fine in all details."

FROM NORTH DAKOTA...

"I want you to know how very pleased I am with the yearbook which you got out for us. In fact, I was really delighted when I saw the finished book; I liked the gray cover, the printing superimposed on some of the pictures, and the general set-up. We are very grateful to you personally for your interest in the book, and for showing us how to set it up."
